Make **Business Connections** during our TechMeetings

TechMeetings are **industry-specific open innovation events** created and operated by Choose Paris Region.

The program brings together **corporate groups** that are well-established in the Paris Region, **international startups**, and **key players** of the local ecosystem.

Each TechMeeting is held over a **half day in person**. A typical TechMeeting starts with panel discussions, expert talks, and startup pitches. It concludes with **one-on-one meeting sessions** between participating corporate groups and international startups.
